INTRODUCTION

OUR DNA TRADEMARK SEARCHING AND WATCHING

IP KNOW-HOW

- Relevance, accuracy, transparency
- Experienced team serving IP professionals only

THE LARGEST WORLDWIDE DATABASE

Registers covered :

- Trademarks: 194 national or international registers + one register containing 50 US states
- Pharma in use: 75 + INNs
- Designs : 97

Our STRENGTHS

CLIENT FOCUS

- Dedicated support
- User-friendly
- Affordable pricing

IT EXPERTISE

- Proprietary data and technology
- Artificial intelligence and image recognition
- Continuous innovation based on our expertise and client feedback

SERVICES

AVAILABLE ONLINE OR OFFLINE

CLEARANCE SEARCHES

- Word, figurative and design searches
- Online or ordered through and performed by our analysts
- Reliable, fast and cost-effective service
- Benefit from our proprietary Artificial Intelligence technology

WATCHING

- Discover our unique watching capabilities for higher quality, relevancy, and efficiency
- Get valuable information on owners and prior rights
 - Use of proprietary Artificial Intelligence refines the result relevancy

Our SERVICES

CUSTOM SEARCHES

- Perform custom searches by using more than 40 search criteria
- Set up alerts on trademarks, owners, G&S...
- Conduct portfolio audits

ANALYTICS

- Identify market trends
- Evaluate your prospects - worldwide
- Stay tuned on your clients
- Deep dive into the evolution of your market share

In Use

An in-use search aims at identifying a serious usage/ or the lack of usage of a trademark for a given product or service.

For a trademark or a company name

A country of the European Union	550 €
A country in geographical Europe	755 €
A country outside Europe	865 €
Trademark of the European Union ¹	1 150 €
International search ²	On request

Our investigation services include :

- Executive summary on the trademark usage
- Open-source research (OSINT – Open-Source Intelligence):
 - Company records and information
 - Website and domain analysis
 - Professional and social media check
 - Internet keyword and image searches
 - Internet search term trends
 - Media and advertising databases
- Discrete phone and/or email contact with the mark holder and/or affiliates

Delivery

Standard	8 business days
Express	On request

¹ In-depth search in one country and overview of usage in other countries. Delivered in 10 working days.

² First-level search focused on countries where usage and/or commercial presence of the owner is identified.

This search does not include an in-depth study of usage/non-usage in every country of the world.

The final price and delivery time will be confirmed when ordered.

WATCHING

Trademark Watching

(EM and WO are included when relevant)

Word or figurative trademarks

Any register/country	24 €
China	72 €
USA	72 €
EU27 (see Information 1.5.2)	72 €
European Continent (see Information 1.5.4)	80 €
Countries that are members of Madrid	100 €
Worldwide	120 €

For **wordmarks** we report:

- Marks that are similar to the watched mark in the watched class(es), and
- Marks that are phonetically identical in the related classes (see information page 18)

For **figurative marks** we report:

- Marks that are similar to the watched mark in the watched class(es).

For **semi-figurative marks** we report:

- Both a verbal and a figurative watch should be requested

For **Chinese characters** we report:

- For China, Hong-Kong, Macau, Singapore and Taiwan, Chinese characters and their transliteration are monitored as wordmarks.
- For all other registers Chinese characters are considered as figurative elements and are monitored as such.

Owner

This service detects new trademark filings/registrations for a given owner at the global level.

Worldwide

150 €

Fovea IP's watching solution is ground-breaking. It allows substantial time savings in the review, sending and administration of watches.

Industrial Design

(EM and WO are included when relevant)

Annual monitoring. Reports are sent quarterly by email.

Per design

Any register/country (excluding EM and WO)	290 €
Any register/country	580 €
China	1 160 €
US Federal	870 €
EU27 (see Information 1.5.2)	1 450 €
Worldwide (AI based only)	5 000 €

Domain Names

This service detects new domain name registrations with close similarity in the monitored extensions.

Any individual extension (1)	50 €
1 national + .eu + gTLD (20)	250 €
Worldwide ccTLD + gTLD (323)	350 €
All extensions incl. all new ones (1519)	550 €

Company Names

This service detects new identical registrations of corporate names.

Any register/country	100 €
EU27 (see Information 1.5.2)	450 €
Worldwide	550 €

ADDITIONAL INFORMATION

1. Notes on countries/registers

1.1. Data source

Official trademark offices.

1.2. Madrid Agreement/Protocol WIPO

Countries members of the Madrid Agreement/Protocol are marked with an (M) in the list of registers (page 19).

When any of these countries is searched/watched, all the pertinent Madrid Registrations are searched/watched at no additional cost.

1.3. EU

A search/watch in any country member of the EU includes a search/watch on EM and WO registrations/applications.

1.4. Pharma in Use

Pharma in Use are searchable within the countries that are marked (P) in the list of official registers (see page 19).

When an order is placed covering class 5, INNs are searched automatically.

Please specify when a search should be conducted in the "Pharmaceuticals in Use" database. A surcharge of 50% will be added to the base fee.

1.5. Groups of Countries

1.5.1. Heart of Europe

Includes Benelux, France, Germany, Italy, EM and WO.

1.5.2. EU27

Covers the 27 EU member countries including Benelux, EM and WO.

1.5.3. EU37

Covers: EU27, Norway, Switzerland, The United Kingdom and 7 smaller countries: Andorra, Gibraltar, Guernsey, Iceland, Liechtenstein, Monaco & San Marino.

1.5.4. European Continent

Covers 51 jurisdictions (see page 19).

1.5.5. US States

The US States are grouped into one single register. They cannot be searched individually. Our US States database is probably better than that of any of our competitors. We cannot however guarantee that it is totally exhaustive.

1.5.6. Worldwide

194 official registers + one register containing 50 US States.

2. Miscellaneous

2.1. General Terms and Conditions

Our General Terms and Conditions are available on www.foveaip.com. They apply to all orders and must be accepted before being processed.

2.2. Transliterations

Word marks published in non-latin characters are transliterated into Latin characters.

2.3. Languages

Goods and services are reported in the original language and translated into English.

Our reports are written in Chinese, Dutch, English, French, German, Italian, Japanese or Spanish.

2.4. Currency

This price guide is in € and excludes VAT. Ask for the US Dollars price guide.

2.5. Volume discounts

We systematically apply the following rebates on large annual volumes (searching plus watching).

A credit note is issued at the end of each calendar year.

> 10K € : 5% of the gross turnover	> 70K € : 15% of the gross turnover
> 40K € : 10% of the gross turnover	> 100K € : 20% of the gross turnover

2.6. Delivery

		Add
Standard	3 business days	/
Express	2 business days	+ 25 %
Immediate	1 business day	+ 50 %
Same day	On request	+ 100 %

For immediate or same-day delivery please specify the expected delivery date and hour. The orders taken after 6pm (CET) are processed the next business day.

2.7. Searches at discounted rates

2.7.1. List only - with no selection

When no selection by our analyst is required, our price guide is reduced by 50%.

2.7.2. Phonetically Identical

When only phonetically identical searches are required (with a selection by our analysts), all Nice classes are covered and our fees are reduced by 50%.

2.7.3. Knockout

Identical, phonetically identical, and very similar search (one letter changed, deleted or added). The fees are reduced by 50%. Add 20% per additional class.

2.8. Special requests

For special requests we will send you a quote. Please submit your requests to: sales@foveaip.com or contact your representative directly.

3. Related classes

The online **word similarity** search and watching services automatically include a phonetically identical search

- in related classes (see the table below) and
- in classes 32, 33 and 34.

The ordered searches (word marks only) automatically cover phonetically identicals in all classes.

Nice classes	Related classes	Nice classes	Related classes
1	4, 5, 17, 35, 40	24	23, 25, 26, 35, 42
